Principal's Desk

Students are the wonders of tomorrow, carrying the dreams and possibilities that shape our future. Each young mind is filled with curiosity and potential, waiting to be ignited with knowledge and inspiration. When we nurture their abilities and encourage them to think creatively, we help them grow into confident, capable individuals who can contribute meaningfully to the world. Igniting their minds is more than teaching facts—it is awakening their desire to explore, question, and innovate. With the right guidance, students develop not only skills but also values, resilience, and a sense of purpose. Teachers and mentors play a crucial role in creating supportive environments that spark imagination and motivate students to reach higher. Knowledge empowers students to dream big and overcome challenges. When their minds are ignited, they become the thinkers, leaders, and creators who will build a brighter and more promising tomorrow.

CELEBRATING YOUNG MINDS: CHILDREN'S DAY PROGRAMME

Joseph Vidhya Kshetra commemorated Children's Day on 14th November with profound enthusiasm, orchestrating a dynamic confluence of cultural presentations and meaningful student-teacher engagement. The occasion served as a platform to celebrate childhood while fostering creativity, critical reasoning, and holistic development.

In the days leading up to the celebration, the school conducted a series of meticulously organised competitions, including Tell-a-Tale, Rubik's Cube solving, and Number Ninja. These events enabled students to exhibit their narrative fluency, cognitive dexterity, and numerical competence. On Children's Day, a formal prize distribution ceremony was held to honour the winners, acknowledging their dedication, skill, and exemplary performance.

The festivities were further enlivened by an engaging cultural segment. Teachers presented an impressive array of performances—encompassing dance, music, and theatrical skits—which added vibrancy to the programme and strengthened the bond between educators and students. Their enthusiastic participation infused the event with warmth and a distinctive charm, creating cherished memories for all.

Overall, the Children's Day celebration at Joseph Vidhya Kshetra harmoniously blended joy, learning, and appreciation, reaffirming the institution's commitment to nurturing confident, creative, and well-rounded young learners.

JVK ADMINISTERS REVISION EXAMINATION III FOR BOARD-BOUND STUDENTS

Joseph Vidhya Kshetra conducted the Revision Examination III for the students of Grades 10 and 12 from 10th to 15th November, as part of its systematic academic preparation for the forthcoming board examinations. This series of assessments was designed to evaluate students' conceptual understanding, subject proficiency, and overall examination readiness.

Throughout the five-day schedule, students undertook comprehensive question papers under structured exam conditions, allowing them to strengthen their time-management skills and identify areas needing targeted revision. The examinations acted as a crucial diagnostic tool, offering meaningful insights to both teachers and learners for further academic enhancement.

By administering these well-planned preparatory examinations, the institution reiterates its commitment to academic excellence and to equipping students with the confidence and competence required for their final board assessments.

A UNIFIED SPORTS EXTRAVAGANZA FOR STUDENTS OF JVK

Joseph Vidhya Kshetra organised an extensive and vibrant series of sports events for students of Grades 1 to 11, providing a dynamic platform for learners to exhibit their athletic abilities, teamwork, and competitive spirit. The programme was designed to promote physical fitness, discipline, and holistic development across all age groups.

For the younger students of Grades 1 to 5, a variety of engaging and skill-based activities were conducted. Events such as the Hoops Race, Pencil Balancing, Hurdles Race, and the 15 Metres Dash enabled children to demonstrate agility, coordination, and enthusiasm. These activities created an energetic atmosphere and encouraged active participation from all students.

For the middle and senior school students of Grades 6 to 11, the sports events expanded into a diverse set of competitive categories. Athletics events for both boys and girls showcased outstanding performances marked by speed, endurance, and determination. JVKians participated in Football, Kho-Kho, Carrom, Chess, and Volleyball, displaying strategic thinking and strong teamwork.

The sports events, conducted across Grades 1 to 11, offered students an enriching and enjoyable experience. They reinforced the school's commitment to fostering well-rounded individuals by encouraging physical activity, healthy competition, and team spirit.

EMPOWERING YOUNG MINDS: COMMERCE TRAINING SESSION AT JVK

On 1st November, the Commerce stream students of Joseph Vidhya Kshetra participated in an insightful and knowledge-enhancing training session facilitated by eminent professionals from the business and finance domains.

The programme featured Bal Ram, Business Development Manager, who provided students with valuable perspectives on business growth strategies and the evolving corporate landscape. Vinoth, Coordinator, interacted with the learners, offering practical insights.

The session was further enriched by the presence of distinguished entrepreneurs. Tharun Raj, CEO and Founder of Tharun Brainerys, inspired students with his entrepreneurial journey and emphasised the importance of innovation, adaptability, and continuous learning. Surya Manoharan, CEO and Co-Founder of FinSkills, delivered an engaging presentation on financial skills, empowering students about the fundamentals of money management, investment awareness, and financial discipline.

The training programme proved to be highly beneficial, equipping Commerce students with enhanced clarity, motivation, and industry-relevant exposure. It reinforced the school's commitment to providing learners with opportunities that nurture their academic growth and future career aspirations.

A PRESTIGIOUS RECOGNITION: JVK RECEIVES THE SHIKSHA SHAKTHI AWARD

Joseph Vidhya Kshetra has been honoured with the esteemed Shiksha Shakthi Prime Foundation Award, a recognition that stands as a testament to the school's unwavering commitment to academic excellence and holistic student development. Conferred by Prime India, this award celebrates institutions that consistently uphold high standards in education, foster innovative learning environments, and nurture well-rounded individuals.

This achievement reflects the collective dedication of the management, teachers, students, and parents who contribute to the school's vision and success. The award not only acknowledges past accomplishments but also reinforces JVK's mission to continue empowering young learners through quality education, character building, and meaningful growth opportunities.

This prestigious recognition marks a proud moment for the institution and inspires the entire JVK community to strive further towards educational excellence.

A child who feels supported at school becomes confident in life.

EXCITING OUTDOOR LEARNING EXPERIENCE FOR YOUNG LEARNERS

The students of Pre-Primary at Joseph Vidhya Kshetra enjoyed an exciting and enriching field trip to VGP Snow Kingdom on 15th November. The visit offered the young learners a refreshing mix of exploration, enjoyment, and experiential learning. Children enthusiastically experienced the snow-themed environment—playing with snow, sliding on ice, and observing the frosty surroundings—which helped them understand concepts related to temperature and seasonal changes. The trip also included a lively Jungle Safari, introducing students to lifelike wildlife models and sparking curiosity about nature and animals.

An engaging 3D animation video further added to the excitement, capturing the children's imagination and keeping them thoroughly entertained.

Accompanied by their teachers, the students participated confidently and joyfully in all activities, making the outing both safe and memorable. Overall, the trip provided a meaningful learning experience and a delightful break from regular classroom routines.

EMPOWERING ACHIEVERS: GRADES 3 -12 TOPPER MEET AT JVK

Joseph Vidhya Kshetra proudly conducted the Topper Meet for Grades 3 to 12 on 19th November, celebrating academic excellence and motivating students to continue striving for higher goals. The event brought together the top-performing students who demonstrated outstanding dedication and hard work in their academic pursuits.

The session was graced by Principal Mr. Manoj V. A. and Vice Principal Mrs. Nagalakshmi, who addressed the achievers with inspiring words. They congratulated the toppers for their consistent performance and encouraged them to maintain their academic discipline while also nurturing values such as humility, perseverance, and curiosity.

The interaction served as a meaningful platform for the students to receive guidance, reflect on their progress, and set new academic targets. The Topper Meet not only recognized the students' accomplishments but also reinforced the school's commitment to fostering a culture of excellence.

STRUCTURED ACADEMIC EVALUATION: PERIODIC ASSESSMENT III HELD AT JVK

Joseph Vidhya Kshetra conducted Periodic Assessment III for Grades 1 to 9 from 24th to 28th November, ensuring a smooth and structured evaluation process.

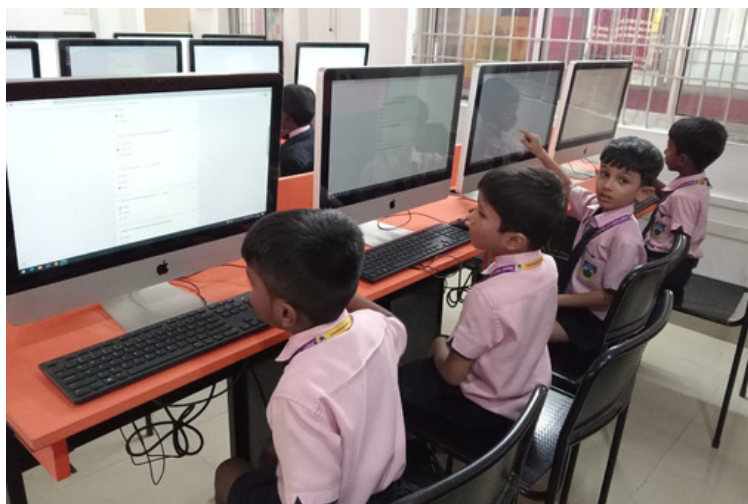

The week-long assessment aimed to gauge students' conceptual understanding and overall academic progress across all major subjects. Students attended the exams with sincerity and preparedness, reflecting their consistent effort throughout the term.

Teachers meticulously planned and coordinated the examination schedules, providing a calm and supportive environment that helped students perform with confidence. Each assessment served as an important checkpoint, enabling teachers to identify learning gaps, reinforce essential concepts, and guide students towards improved performance in the upcoming term.

The successful completion of Periodic Assessment III highlights JVK's commitment to maintaining continuous and comprehensive evaluation practices that contribute to the holistic academic growth of every learner.

NURTURING YOUNG DIGITAL MINDS: CODING ASSESSMENT CONDUCTED AT JVK

Joseph Vidhya Kshetra successfully conducted the Coding Assessment for students of Grades 1 to 5, reinforcing the school's commitment to nurturing digital literacy and computational skills from the foundational years. The assessment was designed to evaluate not only the students' understanding of basic coding principles but also their ability to think logically, analyze tasks, and create simple digital solutions.

Students engaged in activities tailored to their age and learning level, including sequencing commands, identifying patterns, debugging simple errors, and constructing basic algorithms. These tasks allowed them to demonstrate their creativity while applying coding concepts in a practical and interactive manner.

The initiative also encouraged young learners to explore technology with curiosity and confidence. It enhanced essential 21st-century skills such as critical thinking, problem-solving, and structured reasoning—skills that form the cornerstone of future academic and career pursuits in the digital era.

By integrating coding into the mainstream curriculum, JVK continues to empower its students to become technologically confident and innovative thinkers. The Coding Assessment for Grades 1–5 stood as an important step in shaping young digital minds and preparing them for the evolving world of technology.

JVK CONDUCTS AND EXCELS IN DFT INTER-SCHOOL CODING COMPETITION

Joseph Vidhya Kshetra successfully conducted and participated in the DFT Group of Schools Inter-School Coding Competition held on 27th October. The event witnessed enthusiastic participation from 24 schools, creating an inspiring platform for young learners to exhibit their coding skills, creativity, and analytical thinking.

Students from Grades 3 to 5 represented JVK and took part in a series of engaging coding challenges designed to test logic, sequencing, problem-solving, and innovative application of concepts. Their remarkable performance demonstrated both confidence and competence in foundational coding. Amidst the spirited competition, JVK secured the 3rd Prize, a proud accomplishment that highlights the school's commitment to strengthening digital literacy and fostering computational thinking among young learners. Hosting the event also showcased JVK's organizational excellence and its dedication to promoting collaborative learning across the DFT group.

The competition provided valuable exposure for participants, encouraging them to think critically, collaborate effectively, and engage with technology meaningfully. JVK's dual role—as host and achiever—reinforces its mission to nurture future-ready students equipped with essential 21st-century skills.

JVK EVALUATES CORE COMPETENCIES THROUGH CAT I EXAMINATION

Joseph Vidhya Kshetra successfully conducted the CAT I Examination for the Foundation Classes of Grades VI to VIII on 30th October, marking a significant step in evaluating students' academic readiness and conceptual strength. This assessment is an integral part of the school's foundation programme, designed to build strong subject proficiency and enhance analytical thinking among middle school learners.

The CAT I exam featured a structured set of questions aimed at assessing students' understanding of core concepts, problem-solving skills, and ability to apply knowledge across various contexts. By engaging with higher-order and application-based questions, students were encouraged to think critically and demonstrate deeper comprehension of the subjects taught.

This examination also served as a valuable diagnostic tool for teachers, helping them identify areas where students excel and aspects that require additional reinforcement. The insights gained will support targeted teaching strategies, revision planning, and academic guidance for the upcoming term.

By conducting the CAT I Examination with seriousness and structure, JVK continues to strengthen its commitment to academic excellence and holistic learning. The initiative ensures that students in Grades VI–VIII develop a solid academic foundation, preparing them with confidence for advanced studies in the years ahead.

GUIDED BY VISION: FOUNDER FATHER REV. FR. J. E. ARUL RAJ STRENGTHENS JVK'S FUTURE

JVK Campus was honoured by the gracious visit of our beloved Founder Father, Rev. Fr. J. E. Arul Raj. His presence brought inspiration and renewed vision to the entire school community. During his visit, Father held a significant meeting with the dignitaries of the institution, focusing on the future developmental plans of JVK and the strengthening of the administrative process.

The discussion highlighted the collective dream of nurturing a progressive learning environment that moulds students into responsible, confident and value-based individuals. Father emphasized the importance of maintaining excellence in academics, discipline, moral values and holistic growth. His valuable suggestions and visionary guidance enlightened the team and reinforced the mission of taking JVK to greater heights.

The dignitaries expressed their deep gratitude for Father's continued leadership and support. The visit not only motivated the administrative body but also instilled a deep sense of pride and purpose among the staff and students. With renewed energy and determination, JVK marches forward towards a brighter future, holding firmly to the ideals bestowed by its Founder Father.

Truly, the visit of Rev. Fr. J. E. Arul Raj stands as a milestone, reminding us that a strong vision and unwavering commitment are the pillars of a successful institution.

CELEBRATING SUCCESS: JVK ACHIEVERS BRING HONOUR TO THE INSTITUTION

On Saturday, 22 November 2025, our Grade 9 students participated in the Technoviz 2025 competition hosted by SRM University and secured First Place. Their victory stands as a testimony to their dedication, teamwork, and innovative mindset, strengthened by the expert guidance of our committed faculty members.

JVK is also delighted to celebrate the achievements of students who have brought individual honours to the school:

★ Priyadarshini has secured world records for the longest painting, demonstrating extraordinary artistic talent, passion, and perseverance.

★ Nidesh of Grade 4 has made the school proud by securing First Place in Karate.

★ Sivabalan has brought further glory by achieving Champion of Champions in the International Abacus Competition.

Each of these accomplishments highlights the diverse abilities of our students and reinforces the school's commitment to nurturing talent in academics, arts, sports, and technology.

JVK wholeheartedly congratulates all the achievers for their remarkable performances. Their success inspires every student to dream bigger, work harder, and strive toward excellence. Together, our students continue to prove that dedication, guidance, and opportunity can create champions in every field.

JVK SUCCESSFULLY CONDUCTS OLYMPIAD EXAMINATION FOR GRADES 9–12

JVK successfully conducted the Olympiad Examination for students of Grades 9 to 12 on 19 November. The examination covered three major streams — Science, Commerce, and Mathematics — providing students with an excellent platform to showcase their academic abilities and higher-order thinking skills at a competitive level.

The Olympiad serves as a gateway for students to develop logical reasoning, problem-solving, conceptual clarity, and subject-specific excellence. Participation in such exams not only enhances academic capability but also instills confidence, discipline, and a healthy competitive spirit among learners.

Students prepared diligently under the mentorship of the dedicated faculty, who ensured consistent guidance, revision support, and motivation. The examination was conducted smoothly and successfully, reflecting the efficiency and coordinated efforts of the teaching and administrative team.

JVK appreciates the enthusiastic participation of the students and extends heartfelt gratitude to the teachers and coordinators for their tireless commitment. As we await the results with optimism, JVK remains proud of every student who embraced the challenge and stepped forward to pursue excellence.

SPLENDID EUREKA 2.5: A GRAND CONVERGENCE OF SCIENTIFIC BRILLIANCE AND INNOVATION

The Interschool Science Expo – “Splendid Eureka 2.5” was grandly hosted on 8th November, bringing together young scientific minds from 40+ participating schools to showcase creativity, innovation, and research. The event featured an impressive science display along with multiple intellectually stimulating competitions such as Trendanaka, Case Study, Quiz Competition, Science Jam, Science Rap, Wow Factor, and Brain Treaserr. Students took part with great enthusiasm, making the expo a vibrant celebration of curiosity and scientific spirit.

The event witnessed outstanding performances from all schools. Sudharasan Vidhyashram secured First Place, while St. Joseph Matriculation won Second Place with their exceptional presentation and skills. The winners were honoured with trophies and certificates during the prize distribution ceremony, appreciated by the audience for their hard work and innovation.

The event was enriched by the presence of distinguished personalities. The Chief Guests for the day were:

- Dr. Subbaiya Bharathi – Vice Chancellor, St. Joseph University
- Rev. Sr. Santhiya – Admin Director, DMI Group of Schools
- Mr. Suresh – Scientist, Indira Gandhi Centre for Atomic Research

Mr. Meenakshi Sundaram – Antolin Group

The occasion was further graced by:

- Mr. Ignatius Xavier – Director, JVK
- Rev. Sr. Sasikala – Correspondent, JVK
- Mr. Vijimon – Academic Director, DFT

Their presence added dignity and motivation to the expo, inspiring young learners to pursue science with passion and confidence.

The Interschool Science Expo – “Splendid Eureka 2.5” stands as a proud milestone, successfully igniting curiosity among students and motivating them to think beyond textbooks and explore the limitless world of scientific discovery. The event reflects JVK’s continued commitment to promoting innovation-based learning and holistic growth.

NOVEMBER — A MONTH OF JOYFUL LEARNING AND GROWING TOGETHER AT SJGK

The month of November was filled with excitement, creativity, and experiential learning at Joseph Kindergarten, as our little learners enthusiastically participated in a series of thoughtfully planned activities designed to boost confidence, social skills and cognitive development.

The month began with “Building Our Friendship Chain” for Pre-KG, an activity that encouraged young children to understand the value of friendship, sharing and teamwork. The joy on their faces as they connected their handmade friendship links beautifully reflected the spirit of togetherness.

To strengthen parent-child bonding and memory association, we conducted “Find Your Kid’s Name and Parents’ ”, where children actively identified names with pride, developing self-awareness and recognition skills in an enjoyable manner.

Creativity took centre stage in the “Master Chef” activity, where our little culinary stars assembled simple dishes with confidence and enthusiasm. This hands-on experience not only introduced them to healthy eating habits but also helped develop fine motor skills.

Students were thrilled to explore science through the “Static Electricity with Balloon” experiment, discovering how everyday objects can become magical when observed with curiosity. Their excitement underscored the importance of nurturing scientific thinking from an early age.

The month continued with the vibrant Fancy Dress event, where children confidently took the stage in colourful costumes and spoke a few words about their characters, enhancing their self-expression and public-speaking skills.

Cultural learning was highlighted through the Thirukkural Reciting Competition, where our young children beautifully recited timeless couplets, demonstrating remarkable memory power and linguistic rhythm.

The month concluded on a proud note as our tiny tots participated in the Science Expo Display, showcasing their projects with confidence and curiosity. Watching kindergarten children demonstrate scientific concepts with enthusiasm was truly inspiring.

November at Joseph Kindergarten stood as a wonderful reminder that learning is most powerful when it is joyful. Through every activity, our children explored, discovered and grew — emotionally, socially and intellectually.
